Allied F22 Supplier Qualification Confirmation

Attn: Costa Giardina, Tecsider Limited
Valter Alberici Allied Fittings
Massimo Piaggi, Allied Fittings

Allied-Tectubi has successfully completed a qualification in compliance with Chevron ETC Materials and Corrosion requirements. After review of the Allied qualification testing data on Forged F22 (2 ¼ Cr – 1 Mo) we recommend that they be considered as a capable supplier for F22 tees and elbows with diameter up to 24in and thicknesses up to 55mm for Chevron Tengizchevroil Future Growth Project (TCO-FGP).

This endorsement letter may be shown to prospective clients, but may not be transmitted outside Allied or used in published literature.

Best regards,

A handwritten signature in black ink, appearing to read "Ben Crowder", with a long horizontal line extending to the right.

Ben Crowder
Materials Engineer
Chevron ETC
